📇 PROFILE

I am a skilled Frontend Developer with expertise in React JS, Next JS, and Angular.

I offer multilingual programming, system monitoring, and maintenance prowess.

I have constantly automated build, deployment, and integration processes.

I have a proven track record of creating visually stunning and user-friendly online shopping websites.

I have developed and maintained frontend components for online shopping webstores using React JS, Next JS, and Angular.

I have collaborated with backend developers to integrate frontend with backend APIs, ensuring seamless functionality.

Expert developer well-versed in Agile and Scrum methodologies.
